November's name has remained unchanged since the ancient Roman calendar, which was in use until 45 BC. This first Roman calendar was only made up of ten months, with November being the ninth month. November actually translates rather appropriately into "ninth month" in Latin. When the Julian calendar was adopted in 45 BC, two new months were added, which pushed November back to the 11th month. Despite its change in position, November was never renamed.

# THANKS FOR THE KIND WORDS

"I did a lot of research on undercoating treatments and decided to go with Corrosion Free and Chickasaw Garage.
Service was prompt, efficient and professional... well worth the 2 hour drive.
I highly recommend." - Brian C

"Very friendly and thorough with the service of my truck." - Thomas T

November is here and we have quite the busy month here at Chickasaw Garage. Not only are we entering the holiday season, but we have multiple birthdays to celebrate this month. Marian, Joe and myself all have an upcoming birthday! Marian's is on the 11th, Joe's is on the 26th, and I am celebrating my 44th birthday on the 22nd. Stop in or send your birthday wishes on our Facebook page!

With Thanksgiving approaching at the end of the month there is so much to be thankful for. I am so thankful for all of the wonderful blessings I have received in my life, including my family and all of the friends I have made over the years. I have incredible employees and the most wonderful customers that make everyday enjoyable at the shop. I hope you all have a very Happy Thanksgiving and enjoy the start to the holiday season!

BEHIND THE SUCCESS OF EVERY SMALL BUSINESS, THERE IS A FAMILY.

Sincerely Ted Heitbrink

## HELP! I JUST GOT INTO A CAR ACCIDENT

It goes without saying that getting in an accident is a stressful experience for anyone. Whether you've been involved in a serious crash or a minor car accident—or just want to be prepared—follow these steps to make the experience less stressful.

- 1) STAY CALM If you've just been in a fender bender accident, stop the car immediately, turn off your engine, and turn on your hazard flashers. Keep your cool and don't admit fault or assign blame. Your priorities are staying safe and gathering information.
- 2) CHECK FOR INJURIES AND CALL 911 !F NECESSARY Ask your passengers if they're OK, then check on the people in the other car. Call 911 if anyone needs medical attention. You should never move an injured person unless he or she is in immediate danger.
- 3) ASSESS THE SITUATION If everyone is all right and help is on the way, start documenting the accident scene. If it's safe to do so, take pictures of all vehicle damage and the surroundings, or other road scenes that might have contributed to the accident.
- 4) ALERT THE POLICE Even if it's a minor car accident or the other driver says it's not important, call the police. They will let you know if an officer needs to be present. Ask them to file a report so everything is accurately and legally documented, which is required for a car insurance claim.
- 5) EXCHANGE INFO AND RECORD THE DETAILS Do not discuss whose fault it was (even saying "I'm sorry" may be considered an admission). Get the following information from the other driver as soon as you can: (1) Names, phone numbers, mailing addresses and email addresses of all vehicle occupants and any witnesses, (2) License plate number, (3) Insurance info (company name, last name on the policy and policy number), (4) Date, time and location (If you're on a highway, record the nearest exit or mile marker), (5) Police report number, phone number, and officer's name and badge number
- 6) GET YOUR VEHICLE OFF THE ROAD If your vehicle isn't safe to drive, the responding officer may ask you where you want your car towed in an effort to help clear the crash site quickly, but using a service that's not covered by your insurance can cost you. Remember that you always have the right to choose your own towing service.
- 7) CONTACT YOUR INSURANCE COMPANY Make sure you're prepared for anything with a vehicle safety kit in your car, your vehicle registration, and a list of emergency contacts downloaded on your phone.

## **NOVEMBER IS GOOD NUTRITION MONTH!**

Here's a few "savory" jokes for you to "munch" on because November is Good Nutrition Month. Hope you're not "starved" for laughter when you're done!

- Q: Why did the raisin go to the dance with the prune?
- A: Because he couldn't get a date!
- Q: What kind of lettuce was served on the Titanic?
- A: Iceberg lettuce!
- Q: What kind of coffee was served on the Titanic?
- A: Sanka!
- Q: Why do the French like to eat snails? A: Because they don't like fast food!

- Q: What candy do you eat on the playground? A: Recess pieces.
- Q: What's the best thing to put into a pie? A: Your teeth!

Grandma would often make a dessert called "pumpkin something" - it was always in the dessert lineup at Thanksgiving and is especially delicious served with fresh whipped cream!

## **TOTALLY TRIFLING TRIVIA!**

### THE COLOR OF THE UNIVERSE IS "COSMIC LATTE"

We tend to think of space as cold and dark, but that's only because most stars are light-years away from the pale blue dot we call home. The universe is actually guite bright on the whole, and its color has been given an appropriately celestial name: "cosmic latte." In 2002, astronomers at Johns Hopkins University determined the shade after studying the light emitted by 200,000 galaxies. They held a contest to give the result – a kind of creamy beige – its evocative moniker. Other entries in the contest included "univeige" and "skyvory."
